MCSB #MC21-04**

RE: Bid Recommendation

Dear Charles,

We have reviewed the bid results for the above mentioned project that were opened by the Monroe City School Board on May 17, 2021. The apparent low bidder was Traxler Construction, with a base bid of \$7,403,000.00. See attached bid sheet.

This apparent low bidder has enforce the required classification (Building Construction), the corporate resolution, and the proper bid bond that the Monroe City School Board required during the bidding process.

After review of the General Contractor's credentials and bid, we recommend to award the project to the apparent low bidder Traxler Construction with the base bid for the MCSB Restroom Renovation – Junior High / High Schools.

Please contact our firm if you have any questions.

Sincerely,

Brian D. McGuire  
Construction Management
